

Fun With Friends

Making new friends is often difficult for this age group. Friendship issues explored in this beginning book include introducing yourself, sharing toys, helping each other, meeting new friends, fighting with friends and what to do when someone doesn't want to be friends. Suggestions, guidelines, and exercises are provided to assist children in developing basic skills for social interaction and to allow the readers to relate their own experiences to the skills. This is an adaptation of the book *Three Friends* for younger children. (Grades K-2)
