The beauty of words lies in the power for them to sustain a soul. every man live and achieves but for love, without which, theres an endless meaningless quest for progress. We are shaped by what we love; we were built out of love. Man must never go against what his soul speaks to him. by that i mean, if the body is hungry, you give it food .if the mind is bored, you entertain it, educate it. If your spirit is growing dim, you relight the fire .refine the fire. man must never deprive neither of the nourishment, neither should he ignore another mans thirsty for such.
