

## Knight Protector (Knight Chronicles)

Blackmailed into marrying her familys enemy, then swiftly widowed by illness, Lady Sorcha Marr must take charge of a clan she hates as much as they hate her. But fate intervenes in the form of her husbands twin - the man who betrayed her and led to her downfall. Sir Colin Marr fled his Highland home in disgrace, believing he would never again see the woman he loved. Returning a decade later to root out Scottish traitors who have infiltrated his family stronghold, he must persuade Sorcha to set aside her hostility and treat him as her husband in his brothers place. He needs the cover not only to save Scotland but her inheritance his resentful clan would gladly confiscate. Has fate set them up to even an old score, or is it giving them a new shot at learning to trust . . . and love? Sensuality Level: Sensual
