

Need Him: A Gay MM Mpreg Werewolf Shifter Romance

A fated event in every omegas life is pregnancy, and when Baine sniffs out his match--Alpha male billionaire jock Loche--he knows hes got to hire a nurse. And a tutor. And sort out his feelings. Because pregnancy proves incredibly harrowing. Does Baine really love Loche, or are they moving too fast, as werewolves should? Human society has one standard, but in the world of werewolves, there lies an entirely different order of how things *must* be. First you sniff him out. Then you get pregnant. And then you need him. Forever.
