

Tainted Heart (Mi Corazon Sangrante Series: Book 2)

(Starred Review) The exposition and attention paid to Brian and Kyles relationship make this a well-penned erotic romance, while the backdrop of a tumultuous vampire rights movement serves as social commentary within this tender, sexy M/M love story. Library Journal A year after meeting and falling for a young, mysterious vampire, Dr. Brian Preston is now living and working side-by-side with Kyle Hayes for the agency guiding vampire-human relations at a secret underground facility. As the couple adapts to the demands of Brians career tending to vampires, Kyles return to school and the needs of their evolving relationship, a dangerous conspiracy puts everyone they know and everything they have been working for in danger. The sequel to 2014s Bleeding Heart, Tainted Heart is Book Two in the Mi Corazon Sangrante series.
