

## Mind Games

River Weston thinks her problems are over. She managed to escape the virtual world of her video game and the clutches of the Dark Lord who attempted to enslave her with body and mind intact. But her return to the real world is anything but easy. Framed for monstrous crimes she didn't commit, and hunted by members of a dark government agency, it is all she can do to stay one step ahead of her pursuers. Guardian Chase Hawkins gained his freedom from the Dark Lords prison, but it came with a heavy price. Trapped in another man's body, his soul slowly deteriorating, Hawk knows he must return to his world and his body before the damage is irreparable. Racing against time, River and Hawk know that in order to have a future together, they must work to reveal the secrets hidden in River's past.
