

Rescuing Mr. Gracey

Mary Smyth, the daughter of a Catholic rebel, tumbles into Alec Graceys life from atop a ridge-underfed, tattered, shoeless-and captures his cynical heart. She lives in an overcrowded hut; he resides in the manor down the hill. She works as a laundress; he is seeking office in Englands Anglican parliament, the protege of the powerful Earl of Roden. Disguising his name, he will slip into her world and together they will hurtle toward a deadly collision with history. Ireland will never be the same. And neither will they. This historical romance is based on real events in Irelands past, as well as the very real love between Eileens ancestors.
