

## The Au Pair Affair

He left his seamy past and found a steamy romance. When Louis Guzman signs on with a Hollywood nanny agency and scores a job offer on his very first interview, he's thrilled for the chance to start fresh and hopeful that no one will delve too deeply into his checkered work and romantic past. Helping an amicably divorced Beverly Hills power couple raise their two adorable children is the perfect situation. Too perfect to let a vibe of attraction to the handsome producer tempt Louis to flirt his way to a pink slip. Since he came out, Dan Krefman has been too busy with his job to experiment with his newly embraced sexuality. But with undercurrents sizzling like live power cables between him and his kids' hunky Latino nanny, he's finding it hard to maintain his distance. Louis promises Dan and himself that just one encounter will get the lust out of both their systems. But it's only the beginning and when Louis's past crawls out of the shadows, dirty secrets threaten to destroy not only his own future, but the family he has come to love. Warning: Hot male loving and sweet family bonding not bondage, bonding, perv!
